Internal Revenue Receipts.

A special telegram to the Inter Ocean ays: "So far as can be judged by internal revenue and postoffice receipts, the again. The increase in revenue receipts is marked, netwithstanding the reduc-tion in the tobacco tax. The receipts 000 per annum. Up to within a few years very little beer was consumed in the South. The drinkers there took whisky straight, but beer is rapidly occupying the ground, to the benefit of consumers, as is believed, for it is not a drink that incites men to violence like whisky. The great number of railroads centering at Detroit in addition to the unequaled water facilities of reaching that city makes it the most desirable place for holding the annual exhibitions to insure success, and we think should be made the permanent place for holding the fairs. The facilities for getting there are not only the best, but that city is better prepared for taking care of such crowds as the annual exhibitions usually attract, having the most ample hotel accommodations, and even if crowded the numerous suburban villages can be Hall for the transaction of business. brought into requisition and made avail-
